## Northern Shenandoah Valley Financial Education Program

*Strengthening Personal Finances Through Education*

**Your contribution makes a difference!**

Through the Northern Shenandoah Valley Financial Education Program, **Master Financial Education Volunteers** receive in-depth training on financial management topics such as budgeting, credit, debt, insurance, and more. These tools allow the volunteers to provide financial education to learning partners through classroom sessions, individual mentoring, and other programs.

As of January 2015, we have 32 volunteers involved with the program in roles such as mentoring learning partners, teaching the **Managing Your Money** series, facilitating small groups, assisting with youth programs and providing administrative support for the program.

Here are some comments former participants have made about our programs: "I truly believe that the program has **turned my**

**financial problems around . . .** It brought me great pleasure working with [my volunteer] . . . Thanks for believing in me." — Client #91-0170  
"This time last year we were behind in almost all bills. But today most of all our bills are being paid **ahead or on time.**" — Client #91-0230

**Thank you** for your investment in financial education for residents of the Northern Shenandoah Valley!
